NUMBER 404.

## TO PROTECT THE HERD OF 400 BUFFALO UP NORTH

Old Fur Trader Advises Government to Double Bounty on Wolves—\$10 per Head Not Enough to Induce Wholesale Slaughter of These Enemies of Monarchs of the North.

An article in a recent issue of *Forest and Stream* contains additional protection for the herd of buffalo that still roams the north country, has produced considerable discussion among the Edmonton traders. It will be remembered that early in February a deputing waited on the Government asking for an increase in the bounty from \$10 to \$15, which request was granted. Certain other changes in the regulations with reference to its payment were also asked, which will also likely be made.

**Kill Wolves at Birth.**  
Forest and Stream argues that no matter how liberal the bounty paid, the system is all wrong to secure the destruction of the wolves, and suggests that the proper way to get rid of them is to "destroy the wolves, old and young, at the time when the young are born."

A Bulletin representative discussed the matter with one of Edmonton's best known traders yesterday. He admitted the plan of killing the wolves at the time of their birth was a capital one, but, unfortunately, the breeding grounds of these animals were not much easier to locate than the North Pole.

**Indians Would Do Work For Good Bounty.**

After long experience with the Indians in the north, he was convinced the vigorous people would go in for the wholesale destruction of the wolves if the reward was ample. This winter the wolves are so thick and active that on their runways the snow has been worn down to the full twelve inches, and trappers find snareholes unnecessary when traveling these trails.

**Wolves Become Dangerous.**  
As the wolves increase materially the more dangerous it becomes to

## WILL THAW BE DECLARED SANE?

Saidy Commission's Report Due Today—Hawthorne Will Know if He is to go to Asylum.

Associated Press Despatch.  
New York, April 3.—(Col.)—Toronto brings another critical stage in the case of Harry K. Thaw, when the slayer of Stanford White will be either officially pronounced insane and ordered to the state asylum, or else his trial will be resumed before Justice Fitzgerald upon the finding of the lunacy commission that he is capable of rightly understanding his own position, of appearing on his own behalf and of rationally advising with his counsel. The commission completed its work tonight and will be ready to report to Justice Fitzgerald tomorrow morning. Thaw underwent a private mental and physical examination for more than three hours this afternoon. In this last crucial test he was entirely alone for the commission, the district attorneys and the members of his own counsel being barred. When the three members of the commission, David McCure, Peter Boland and Dr. Leopold Putnam had completed their final examination they in turn carefully shook hands with Thaw. He went back to his cell in the Tombs with a light heart, and later told his counsel that he felt the commission would merely declare him sane to-morrow. The attorneys shared their client's views of the situation. District Attorney Jerome would commit himself in any way. Thaw's counsel declared they were ready to proceed with the case to-morrow.

There is little or no likelihood that the report of the commission that has inquired into Thaw's present mental state will ever be made public. If the decision favors Thaw, Justice Fitzgerald will merely order the trial to proceed without any reference whatever to the interrogation. Should the decision be against Thaw, Justice Fitzgerald need quote but briefly the formal finding of the commission in his order committing the young man to an asylum. If he should be com-

## MUST HAVE SUNDAY PAPERS.

Windsor and Border Town People Go After Them on Sunday.

Associated Press Despatch.  
Windsor, April 3.—It is estimated that 2,600 subscribers of Detroit newspapers (excepted the *Free Press* and *Post*) for papers, *Walterville* and *Sandwich* authorities have served notice that Sunday papers would not be allowed across the line until Monday. Settlement is so pronounced against the new *Lord's Day Act* that Hon. Mr. Bennett has for Toronto today to persuade the government to grant some relief in the situation in the border towns at least.

## A DETACHMENT OF IMMIGRANTS

Reach the City—They are of a Superior Class—American English and Irish.

During the past few days a large number of immigrants from England and America have arrived in the city and are awaiting the mild weather and disappearance of snow before going out into the country, either to select land for homesteading or to make purchases.  
There are now about twenty immigrants at the Jasper Avenue Hall and about thirty at the new building on First street. A large number of others are staying at the hotels or private boarding houses throughout the city.  
All those who have reached the city are of a very superior class and will be a credit to their adopted land.  
Those who have arrived here during this week include the following: Frank E. Good, doctor; Betram Willington, Toronto; M. Destruc, Lowell City, Mo.; W. R. By, Burwell, Neb.; C. E. By, Burwell, Neb.; D. J. Smith, Burwell, Neb.; W. A. Darling, Burwell, Neb.; T. U. Marriott, Eng.; J. H. (Michael), Eng.; Thos. Murray, Eng.; F. Childers, Ireland; Richards Edwards, Eng.; Alfred Springfield, Eng.; John Buchanan, Scotland; Alan Dunworth, wife and 3 children; Ontario; H. Switzer, wife and 3 children; Ontario; Jas. O'Hara, wife and 1 child; New Zealand; Geo. Holt, Eng.; Robert Watson, Eng.; B. H. Tracy, Eng.; Arch Gilmore, Eng.; Frank Sampson, Eng.; Bryan Dyer, Eng.; John Alibabeh, Eng.; Walter W. Gilmore, Scotland; Wm. Pink, wife and 3 children; Oklahoma; Wm. Simpson, wife and 3 children; Oregon; Edward McKeown, Eng.; Edward C. Briganshaw, Ont.; Orin H. McDonald, Miss.; Ernest Strickland, Scotland; S. G. Douglas, Scotland; Walter George, Canada; James John Spittle, Scotland; John Hume, Eng.; H. Pichner, Eng.; Arthur Ambrose, Eng.; Thos. Blackman; H. H. Tracy, Ontario; G. Tracy, Eng.; Geo. W. Washington; J. B. Campbell, Washington.

A detachment of the Governor-General's foot guards attended the bridal couple as a guard of honor to and from the church, where the ceremony took place. After the church ceremony a bridal luncheon was served at the residence of Mr. Berkeley Powell on Metcalfe street. Hon. Mr. Fisher and his bride left by the evening train for a honeymoon trip to New York and Southern cities.

## FIRST DOG TRAIN OF FURS FROM THE NORTH REACHES THE CITY

Indian Trapper With Pelts Worth Fully \$500, Made the Trip From Pelican Rapids, 300 Miles Distant, in Five Days, Including Rests En Route.

The appearance of a dog-train of furs on Edmonton's main thoroughfare this morning was a picturesque sight, reminiscent of the frontier days, and one only to be seen at rare intervals now.  
The four burly huskies in the train showed signs of fatigue after their long journey of 300 miles from Pelican Rapids on the Athabasca, accomplished in the last five days, with intervals of rest.  
Their driver and owner, a square-jawed, capable-looking Indian named Alexandre Desjarlais, preferred to bring his furs and dogs directly to Edmonton, instead of leaving his dogs at Athabasca Landing, as the average trapper does.  
Desjarlais, who is accompanied by an Indian named Zog, has left his charge of furs at Ullman's store in charge of W. H. Jaeger, and they

## COAL MAY GO UP TO \$5

Difficulty Securing Tonnage to Load From the Mines Alleged Cause for Rise.

There is a strong probability that the price of coal may further increase from the present rate of \$4.50 per ton.  
When the price went up last season the hope was entertained that the rate was only temporary, but a prominent dealer is to-day the authority for the statement that \$5.50 will likely be the price in a month or two.  
The reason for the increase is said to be the difficulty of securing tonnage to load the coal from the mines. At the present time it is almost impossible to get enough coal to the city to satisfy the local demand, and with the large amount of city work projected this summer, tonnage will be scarce for a month or two.  
The haulers reported were given an increase of 10 cents per load, and it is to cover this that the higher rate will be asked.

## BANK CLEARINGS.

The Edmonton bank clearings for the week ending to-day are \$753,219.30.

## CREWS IN THE FIELD.

Government Commence Telephone Line from Frank to Macleod—Operations at once on Edmonton-Lynx—Mines Trunk Line—Supplies Secured.  
Hoe. W. Cushing, Minister of Public Works, arrived in the city last night from Calgary. He stated today that crews are on the way to the Crow's Nest and Park, to begin the construction of a telegraph line from there to Macleod.  
The Department of Public Works is organizing to commence work out of Edmonton east on the telephone trunk line, and south towards Calgary.  
Preparations are being also made to construct line from Watawin to Dryden and from Lacombe to Stettin. It is the intention of the department to prosecute this work without delay, and as quickly as conditions will permit.  
The supplies of wire and poles have been secured for the above line, and it is expected that 100 miles of telephone line will be erected and in operation this year.

## MINERS ON STRIKE IN NOVA SCOTIA.

Refuse to Work With Non-Union Employers.

Associated Press Despatch.  
Spring Hill, N.S., April 3.—1,200 miners of the Cumberland Railway and Coal Company have gone on strike. They refuse to work until the miners have joined the union. This is in line with the general movement of the miners' union throughout Nova Scotia to force all miners into the union. Similar trouble is in progress at the Dominion coal mines in Cape Breton.

## WM. T. STEAD IS FOR PEACE

Believes Nations of the World Could Do Better Than Prepare for War.

Associated Press Despatch.  
New York, April 3.—Wm. T. Stead, who has recently been on a tour of the European capitals concerning the Hague conference, and who came here to attend the dedication of the Carnegie Institute at Pittsburgh, was a passenger on the Steamer *Coronia* which arrived today. During his stay in America Mr. Stead will attend the National Peace Conference which is to be held in this city on the 18th and 19th of the present month.  
Mr. Stead said he did not look for anything more than an educational result from the discussion of the armaments at the conference.  
"I am more interested," he said, "in the proposal that the executive governments of the world should endeavor to promote peace by other and more direct methods than by merely preparing for war. They ought to support the work of the Peace Conference. If they spent one dollar on peace for every thousand dollars they spend on war something practical would be done on this point. Sir Henry Campbell-Bannerman and Chancellor Von Bulow are agreed. England will support the United States when America takes the lead, and I hope America will support England when the latter takes the lead. To me the English speaking world is a single entity. At the Hague in 1864 the Republic and the Empire voted as one. I hope they will do the same in 1907."

## KING EDWARD AND KING ALPHONSO MEET.

Associated Press Despatch.  
Madrid, April 3.—The preparations for King Alfonso's journey to C. ward, have been completed. Government circles here regard the meeting of the two kings as likely to improve the understanding between Great Britain, Spain, France and Portugal.

## EDMONTON MUST BE A DISTRIBUTING CENTRE

Traveller Returning From the Peace River Country Tells of the Wonderful Land—Great Stretches of Forest and Fertile Soil.

"Edmonton yet is but an infant, compared with what it will be in a few years. I have more faith than ever in the city as the distributing point for an immense region to the north and west."  
Thus spoke Mr. C. Eymundson, formerly proprietor of the American Restaurant, First street, who has just returned from a six months' trip to the Peace River Country, travelling as far northeast from the Crossing as Fort Vermilion, and as far northwest as Dunvegan.  
In this extensive trip over that far-famed, but as yet little known country, Mr. Eymundson has had a good opportunity of seeing the northern land, and he was not slow to note the magnificent future that it possesses.  
He went north for the purpose of locating a number of settlers, and with this object in view he made a close study of the territory through which he passed.  
He was considerably surprised at the amount of wooded land along the river, where, in his opinion, the finest timber is in the world grown. At the Crossing the banks tower 700 ft. perpendicularly above the river. He had been informed before his trip that a prairie country extended for miles on either bank, but this he found was not correct. The land was wooded right up to the bank and will have to be cleared before settlement. But while clearing will be a task of some difficulty for the early settlers, the reward will be abundant for a magnificent soil awaits the plough, beneath the high trees.  
It will be the work of years before this is stirred up, however, and in the meantime Edmonton as the feeder and source of supply for the district, will continue to grow.  
While north considerable extremes of weather were experienced and there was a big fall of snow. As a result trapping operations were poor, and the number of skins brought to Edmonton this spring from the north will be far smaller than in past years.

## NEW YORK WHEAT FUTURES.

Associated Press Despatch.  
New York, April 3.—New crop options in wheat were fairly well sustained by bull crop news today, but may develop weakness under liquidation by traders who bought July near cash close. Everything weakened a little on rumors of rain in the southwest, and final prices showed 10-16 to 16-17; May 14 to 15; 16-17 closed 16-17; July 16 to 17; 18-19 closed 18-19; September 16-17 to 18; 18-19 closed 18-19.

## A RIVAL'S REVENGE.

Samuel Miller the Victim of Informal Machine Exploitation.  
Associated Press Despatch.  
Schenectady, N.Y., April 3.—By the explosion of an informal machine, Samuel Miller, a prominent local industrialist, has been the victim of a rival in love. Samuel Miller, of 431 Liberty street, was terribly mangled. The surgeons who have been working over him say he has an even chance of recovery, but he may be left blind and a cripple for life. James Callahan is in jail charged with attempted homicide. The police believe he is the author of the outrage. Miller was to have been married in June. He expected to leave tonight for New York to beg gifts for his prospective bride.

## DEATH OF NEW YORK BANKER.

Associated Press Despatch.  
New York, N.Y., April 3.—Alfred Deconcord, the banker, who has been ill for some days, died at his home late to-night.

## ROBBER AND ATTEL DRAW.

Philadelphia, Pa., April 3.—"Big" Robson, of England, and Abe Attell fought a six round draw at the National Athletic club to-night. At the close of the sixth round there was not enough advantage to have given either the verdict. The bout was fast from start to finish, and of the scores of blows landed, none was hard enough to do any damage. Attell received a bloody nose in the closing round. Neither man bore a mark of the encounter.

THURSDAY, APRIL 4, 1907.

#### A GOVERNMENT THAT TALKS.

The Alberta Government's telephone policy now speaks for itself—from Calgary to Banff. A few days ago the first connection over a government owned telephone line from the province of the Minister of Public Works to the town in the mountains. The great National Park of Canada could not hear the voice of Calgary until the new provincial government of Alberta came to the rescue.

The completion of this first link in the chain of government telephones in this province is an event of no small importance. In this undertaking Alberta is blurring the trail and doing the pioneer work. Other provinces have discussed the question and considered it, but the Minister of Public Works here was the first to act and to carry to completion a government owned telephone line. It will be carried on vigorously during the present summer, and before the end of 1907 lines will have been built in many sections of the province and the government system will become one of the important telephone systems of Canada.

The establishment of a government telephone system is a large undertaking but it has been treated as a business proposition and the work so far has been well directed and expeditious. It is in the carrying out of the practical work of his department that the business acumen of the Hon. W. H. Cushing has shown credit to himself and the province. Of such is the strength of the present administration in Alberta.

#### SECRECY OF A BANK ACCOUNT.

The people of Canada will hail with unstinted satisfaction the action of Mr. Justice Clute, of the Ontario Bench, in taking a firm stand for the sanctity of the bank account in the suit of Peter Ryan against the Bank of Montreal. The Bank Act expressly forbids the inspection of customers' accounts save by a director of the bank in which the account is held. Yet for its own purposes the Bank of Montreal ignored this prohibition and permitted the account of one of its customers to be inspected by a rival and hostile party.

Fortunately such cases are rare, and Canadian banks observe the strictest secrecy in this regard, which lies at the very basis of public confidence in our banking system. It is hoped that Justice Clute's ruling in this prohibition will prevent any repetition of similar transgressions. In the course of his judgment Justice Clute said: "It is difficult to imagine anything more likely to shake public confidence in our banks than the knowledge that customers' accounts are open to inspection and sale. Great injustice might be done by exposing the private affairs of a company and selling the account to an avowed enemy, or to one who desired to use his information as a lever for private ends, as was admitted in this case."

In this connection, as one of our leading financial papers observes, it should be noticed that a bank director is always a man who has achieved success in the industrial or financial world. Under the Bank Act he is allowed to inspect his customers' accounts. Thus, if a bank director is a manufacturer, and he wishes to examine the account of a rival, it is quite possible for him to do so by virtue of a director's privilege. Such an anomaly is not likely to affect the small savings investor, but constitutes a real and possible danger from large rival commercial or manufacturing interests. The director who uses for his own advancement the information open to him as a bank director is guilty of dishonesty and a reproach to a sacred trust.

In the light of the facts revealed by the Insurance Commission, the idea of company directors requiring amendment, and often reconstruction. It will do no harm, with the facts of suit, Ryan vs. Bank of Montreal, fresh in the minds of the public, to once more emphasize the sacredness of the bank account.

#### NOTE AND COMMENT.

The lumber combine is pretty smooth but it cannot slip past the Criminal Code.

A number of Edmonton boarders are interested in the lumber combine investigation. They think it will affect their board bills.

It will be a greater question to decide whether Boarders should have a third term or not, than to elect him.

Harry Thynne's millions seem to be able to purchase enough chimneys to keep a murderer from the gallows.

Many of the settlers for the Canadian prairie are harvesters who first saw the west in its harvest glory last fall. The lure of the west has been too strong for them.

The Canadian Club movement is the outward expression of the stirring of the virile and catholic national spirit of 80th Century Canada.

A copper mine in the States has paid the stockholders one hundred millions in dividends on an investment of one million. This bids fair to equal the value of a Toronto hotel license.

The first fly has reached Edmonton in time for the baseball season. It is rumored that Calgary will only have horn flies this season.

When the railroads leave regulations to prevent losing time and making up time they will save about one hundred lives a month.

The Minnesota legislature adjourned at the end of the week to visit the St. Paul brewery. The strength of temperance sentiment in Canada can be gauged from the fact that no legislative body here would dream of such a thing.

Mayor Griesbach has been instructing the citizens of Leduc in the best methods of fighting fire. The result is it is rumored that the village of Leduc will enlighten the city fathers on the best route for the street railways of Edmonton.

Nothing could be more ironical than the Toronto World, a newspaper devoid of any ethical standard describing bourgeois and Lavigne as men "who are trying to lift parliamentary institutions from the slough into which they are blindly sinking." The World has breathed the alms of the slough long to have a wholesome breath now.

#### SHOT HIS TWO DAUGHTERS.

Then Himself.—Insane Act of Quebec Man.

Associated Press Despatch.

Montreal, April 3.—William Simpson, a young farmer of Hudson Heights, was brought to Notre Dame hospital today suffering from self-inflicted bullet wounds, and if he recovers he will have to face the serious charge of having murdered his two children by shooting them.

The tragedy occurred yesterday forenoon about 11 o'clock at the home of Simpson about three miles from the village of Hudson Heights. Simpson shot his two months' old child and then turned the gun on another two years old, both of them girls. Mrs. Simpson was present at the time of the tragedy but beyond threatening her and pointing the revolver at her he did her no injury. The gun was then turned on the two children, near by for assistance, and when he reached the scene of the tragedy he found Simpson had turned the pistol on himself. The cause of the tragedy is shrouded in mystery. Simpson had never shown signs of insanity.

#### MUST NOT ENGAGE IN BUSINESS.

Instructions issued to Former Governors of Colonies.

Associated Press Despatch.

London, April 3.—The circular issued by the Secretary of State for the Colonies, the Earl of Elgin, advising all former governors of colonies to refrain from engaging in commercial enterprises in the territories which they formerly administered, has resulted in establishing the fact that there had been an increasing tendency on the part of retired governors of the smaller colonies to take a prominent part in the management of companies which have obtained profitable concessions in such domains. A number of questions of this subject were asked in the House of Commons during the past session, some of them intimating that governors had used their political pull to secure concessions.

#### REBELS PLUNDERED AND MURDERED.

Associated Press Despatch.

Salvador, Republic of Salvador, April 3.—According to reports received here from Honduras, where the invading Nicaraguan and Honduran revolutionary armies occupied Tegucigalpa, the capital of Honduras, they plundered the place and murdered a number of people. The children of General Tegucigalpa, it is added, were hanged by the invaders.

## SPORTING NEWS

### FOOTBALL LEAGUE IN SOUTH.

The Southern Football League is now an assured thing; the association was organized this week at Lethbridge at a well-attended convention. Right clubs sought admission but it was decided to admit only teams from Alberta, and the delegates from Michigan, Fenix and Creek went home disappointed.

Two districts were formed. Taber, Lethbridge and Macleod forming one division, and Pincher Creek, Frank and Coleman the other. Games in the former commence on May 23 and the season closes July 6. In the latter district the first game will be played June 8 and the last June 28. Besides the final cup game between the winners of the two districts, the cup winner must play a picked team of all the other clubs, toward the league expenses. Official referee will be employed.

Officers were elected as follows: President, E. A. Cunningham, Lethbridge; vice-president, W. M. Atkins, Macleod, and Henry Smith, Coleman; secretary-treasurer, John Harris, Lethbridge; additional members of committee—E. T. Westlake, Taber; and F. H. Schofield, Pincher Creek.

### CALGARY CRICKETERS READY.

Calgary, April 3.—At a well attended meeting last night the Calgary Cricket Club was re-organized for 1907 with Lord Strathcona and Sheriff Vanwart honorary presidents, Capt. Deane, president, and E. F. Doughty, secretary.

The club's 1906 record shows that the team won more victories and played more games than in the last six years. As the club is in need of funds the membership fee was raised from \$5 to \$8.

It was decided to give prizes for the best batting and bowling averages. For the former a bat will be given, and the prize for the latter will be a cricket bat. Mr. Bryant will also present a bat to the player making the most catches during the season.

The club will go on a tour on May 24th, playing games at Medicine Hat and Lethbridge. The outfit of bats, balls, gloves, wickets, etc., will be imported direct from England.

### LACROSBETS STIRRING.

At a meeting of the executive of the Edmonton lacrosse club yesterday afternoon it was decided to have the annual meeting of the club on Thursday night, April 11, at the Young Liberal clubrooms. There will be a meeting of the officers on Saturday night at 8 o'clock at the Ben's cigar store to map out a season's program for presentation at the Thursday session.

Every day the prospect for a split edge seems in the city looks better. Last year the club suffered a split with the result that Edmonton had two no-hit batsmen until near the end of the season. No trouble is anticipated in the direction during 1907. The organization of the Alberta league is sure to appeal to the patriotism of the players, and they will work to give Edmonton a team that should about annex the championship this year at least.

Secretary Saul leaves this week on a trip to his old home in Eastern Ontario. A number of well-known players down there are keen to emigrate and when Mr. Saul gets through interviewing a few of the best of them there will be a few extra tickets required for Edmonton.

### LACROSSE.

It is expected that the Ontario team that is to tour Australia this summer will play exhibition games at Winnipeg, Brandon, Moose Jaw and Medicine Hat. The game at the latter town will be played early in June.

The Regina lacrosse fraternity has not awakened yet. The city has all the 1906 team to pick from and a number of new players have blown in during the winter.

The outlook for the game in Manitoba is disappointing. Only three clubs outside Winnipeg were represented at the Western Canada Lacrosse association annual meeting last week.

The annual meeting of the British Columbia Amateur Lacrosse association will be held in Vancouver Saturday, April 13. At this meeting a number of important matters will come up for discussion, among them being the question of the field captain brought back into the game. All of the clubs are in favor of retaining the services of the field captain and it is altogether likely that

the rules will be so altered as to allow field captains on the field.

### TIDLER'S LATEST.

With the Lethbridge and Medicine Hat sporting writers working overtime in an endeavor to convince the fans that nothing short of a prolonged siege of blind slanders or small pot would prevent the championship coming their way, it is not too much to say that Acting Manager Fidler of Calgary has found it necessary to stop Fidler as it was to keep up steam among the followers of the American national game in the would be university city. He certainly goes the limit in his latest con, which appeared in the Herald. Says he: "Manager Thynne is certainly making every effort to give Calgary a winning team this season. He now has seven good men under contract, and he is taking his time about signing the balance of the team. Not but what he has applications sufficient to complete four teams, but he wants nothing but the best. He made a special trip to Boston, where he had a conference with Manager Tenney, of the Boston National league team, who gave Mr. Thynne the assurance that any players released by the Boston team after their spring training trip would be turned over to the Calgary team, without any strings attached to them; and as Boston had 22 men under contract when they started south it is a certainty that Calgary will get the men required to complete the team from the Boston National League team. Other teams are naturally, come to the conclusion that Calgary will be playing a very large salary for these men, but such will not be the case, as these men, when released by Boston are only to continue to play with a team at a moderate salary where they are sure of making good for the season."

### BASEBALL.

Bond, a former Winnipeg Maroon, has been secured by Saskatoon. The club team still needs a high-grade catcher.

### Saskatoon club will put up a new grand stand this year and also enlarge the bleachers.

In the big leagues the highest priced ball players are, without exception, the heavy batsmen.

Manager Jennings has had to release Cobb the great Detroit player, because of his ungovernable temper. He has quarreled with about every player on the team.

### The Cleveland club has followed the lead of Philadelphia and has pointed the fence in a direct line with the batsman's eyes while facing the pitcher a dark green.

Detroit should have a peppery organization this season. Four members of the team—Jennings, Morgan, Downs and Kilfer—have bright red hair.

Dan McGann, the Giant's first baseman, is having no trouble in finding the ball in the training camp. He has hit three hits a day—most of them two baggers.

Hughes Jennings has started an anti-kidnaping crusade among the Detroit figures. He claims that the kidnaping that disrupted the team last year on grounds which began by the "kidnaping" route.

Both the Bostonians have lost great playing by death this spring Stahl will be missing from the Athletics, and Harry Dolan from the Nationals.

Now it is Lethbridge that is claiming the pennant. President Humphries, however, thinks the other cities have a better chance of winning the game that will give the Miners good games.

If Calgary does not win the pennant this year it will not be the fault of Manager Thynne. Certainly not. The Chinooks have signed seven or eight other men who will be equally as much to blame as George for the loss of the batting.

The Brewers' Trophy which was donated a couple of years ago for the encouragement of baseball in Alberta is at present without an owner. It will be completed for on May 16 at Calgary's big day of sports, when teams are expected to be present from Clarion, Medicine Hat, Okotoks, Red Deer and Wetaskiwin.

Lethbridge claims to have landed a world-beating first baseman in the person of Oles O'Brien. He was with Duluth the two years before last but was won the Copper Country championship. He is also a great coach and Manager Morison had to come up with the stuff to secure him.

## MILLMAN TRIES TO BULLY LUMBER COMBINE COMMITTEE

A. E. Watts, of B. C., Butting in on Every Occasion, and he Wants Aid. Wilkinson, of Regina Prosecuted for Perjury or Conspiracy.

(From Our Own Correspondent.)

Ottawa, March 28.—A. E. Watts of Wetaskiwin, B. C., was a witness before the committee investigating the alleged lumber combine yesterday and cleared up any doubts that may have existed as to how the inquiry is regarded by the mountain millmen. Mr. Watts has been very much in evidence during the progress of the investigation, butting in daily with requests to be permitted to cross-examine witnesses or explain away evidence that looked bad for the millmen.

Though repeatedly assured that the manufacturers had not been charged with wrong doing and stood in no need of his valiant protection, suspicion appears to link in his mind either the purposes or of the probable results of the inquiry, and yesterday he undertook to bully the committee on the strength of a bluff to both the Government and the country. The committee however was not composed of nervous wrecks and instead of covering before the potentation frown of the irate Mr. Watts betrayed only the emotion proper to the auditors of an unctuous humorist.

Wanted Wilkinson Prosecuted. When called to give evidence yesterday Mr. Watts presented what he was pleased to term a "defense" of Messrs. Heaps and Lewis, two millmen who had previously testified. The "defense" however had much less to do with the evidence of Messrs. Heaps and Lewis than with the curiosity of Mr. Lancaster, M. P., and the evidence of Ald. Wilkinson of Regina. The latter appeared to draw the particular wrath of Mr. Watts, who wanted him "prosecuted for either perjury or conspiracy or both."

The "defense" continues: You will remember that Mr. Watts also flatly contradicted Wilkinson's evidence, with regard to his statement that he could not obtain lumber from the manufacturers. He stated that in December, 1905, he bought lumber from Sparwood Mills, 100 per cent cheaper than he can now buy it for. I challenge this statement and say it is distinctly untrue. Wilkinson said that in 1905 he bought for \$18.50 and that now he cannot buy for less than \$28.00 whereas today's wholesale price of O. B. Regina for No. 1 common lumber is \$25.50 to \$26.00 per M.

Prophetic Lumber Famine. The only "evidence" contained in the document was the concluding paragraph:

"Whilst on this subject I may state that there will shortly be a famine of lumber, for from the interior of B.C. we could not at the present time ship 50 millions of lumber and we have about 50 millions of orders on our books and orders are pouring in at the rate of over 100 cars per week, during the last week I returned orders for 50 cars, as I have more orders on hand than I can supply."

"Add to that the impossibility of obtaining cars to ship lumber, and you have the situation in a nutshell."

A Retailer's Claim. The "defense" was followed by two other documents of similar character and no less interest. The first of these deals with former conditions in the lumber business and says:

"Evidence shows that several years since a compact did exist, but the whole game was in the hands of the Retailers' Association and that the latter did not hesitate to use its power, and its dictation became at last so intolerable that the manufacturers revolted in a body and withdrew."

After Thomas Tye. Mr. Watts then goes after Mr. Chas. Thomas, farmer and lumber dealer of Hartney, Manitoba, and says: "Cases of extortion at the present time exist, that is, if the evidence given is true. Mr. Chas. Thomas, lumber dealer and farmer and the representative of the Grain Growers' Association, Hartney, Man., said that the price of dimensioned delivered Hartney was \$24 per M. That is correct, but note that No. 1 boards are \$21.50 per M., wholesale price, and Mr. Thomas says his retail price of boards is \$22 or \$23 per M. Thus one of the kickers and the grain growers representative admit he is making his fellow farmers \$2 to \$2.50 per M. on common lumber."

Some One Makes \$12 Per Thousand. Mr. Wilkinson receives attention again in these words: "The witness, Mr. Wilkinson of Regina, stated that in 1905 he bought common lumber at Regina for \$18.50 and that at the present time he cannot get similar lumber for less than \$25.00. If such is the case then some person is making \$12 per M. profit, or over 600 per cent more than the average mill-owner has been making—the present wholesale price of No. 1 common lumber delivered at Regina being \$25.50 to \$26.00 and No. 2 common \$23 to \$24 per M. less than that, so that by blending the two the profit is increased."

A Personal Explanation. The third essay reaches the highest mark in general proficiency. It is of the nature of a personal explanation of remarks made by the author to a former witness, who had repeated some of the statements as evidence.

Mr. Watts recites the conversation to illustrate his belief that the witness in question, a farmer, was a man of small intellect, smaller knowledge and still smaller sympathies, and then makes him the text for a few observations "in a general way."

Should Be Ashamed. He says: "I asked the witness what he had paid for his farm. He said \$4000 and that it is now worth \$60,000. I tried to show him that the value of lumber had not risen in equal ratio, and that he ought to be ashamed of himself coming here to worry Parliament with his tale of woe, because he had to pay a few dollars extra for lumber."

The Presumptuous Farmer. "This class of men," declares the wrathful Watts, "talk as though they owned the Government and think that their votes can make you all tremble in Ottawa."

Defied the Government. He admitted saying that he defied the Canadian Government to prosecute the millmen and assured the not yet similar lumber for less than \$25.00. If such is the case then some person is making \$12 per M. profit, or over 600 per cent more than the average mill-owner has been making—the present wholesale price of No. 1 common lumber delivered at Regina being \$25.50 to \$26.00 and No. 2 common \$23 to \$24 per M. less than that, so that by blending the two the profit is increased."

them that there is serious talk of the secession of British Columbia from the Dominion.

As neither the Government nor anybody else had or yet tried to prosecute the millmen or even said they should be prosecuted the ball-serious announcement of Mr. Watts leaves all the earmarks of a bluff and a bluff is made only to conceal. We did the witness undertake to explain how the secession of British Columbia would enable the millmen of that province to hold-up the prairie consumer at pleasure.

As To Wolves. A few words of personal opinion are then directed to the committee: "I do not deny that I said your honorable committee acted like a pack of howling wolves tearing a poor defenseless lamb to pieces when you had the witness Backer on the stand, and said when the wolves tackled me they might discover a porcupine and get their jaws full of quills."

Mr. Watts' knowledge of natural history needs amendment. An average degree of familiarity with the ways of our Canadian wolves would have taught him that the species found on the prairie is an amiable and social class compared to their brethren the denizens of the timber belts. He would surely have preferred to assume the role of the stumber wolf than the similitude of the hedgehog.

Objects to Western Members. Continues Mr. Watts: "I admit I said Parliament acted most unfairly in choosing a lot of members not as our judges, many of whom were just mouth pieces of their masters, the farmers from the prairie."

Murderers and Shylocks. The statement continues: "I pointed out that history repeats itself, that from the ancient to the present times, Highlanders from the mountain fastnesses have always been renowned for their independent and generous natures, and differed from the Shylocks of the plains, who seemed to want everything in sight and out of sight."

The Leeches. The essay concludes: "That cases of extortion exist evidence abundantly proves. Evidence also proves that mill-owners are not the culprits. There is no reason why the producer and consumer should not be friends, and join together to stop the infernal practice of the intervening party who is a leech sucking the life's blood of legitimate commerce."

## WETASKIWIN Ingleswood

We have just put this subdivision, which adjoins the City of Wetaskiwin to the north, on the market. This property is only two blocks from the business centre of the City.

The fact of the removal of the C.P.R. station a block north will have a tendency to pull the business further north and brings Ingleswood well in and assures a good turnover.

Ingleswood has only been on the market since the 16th inst., and already over one hundred lots have been sold by our Wetaskiwin office which is very good evidence that this is a most desirable property and that the investors of Wetaskiwin have good faith in it.

**Executive Agents: THE TRUSTEES OF THE COBALT MINING CO. LIMITED, 20 Dundas St. W., Toronto.**

**DESCRIPTION OF PROPERTIES.**

1.—The S.W. 1/4 of the N. 1/2, Lot 3, Con. 4, Section 17, 40 acres. 2.—The S.W. 1/4 of the N. 1/2, Lot 3, Con. 4, Section 17, 40 acres.  
 3.—The S.W. 1/4 of the N. 1/2, Lot 3, Con. 4, Section 17, 40 acres. 4.—The S.W. 1/4 of the N. 1/2, Lot 3, Con. 4, Section 17, 40 acres.

Since the rich strike the Directors have decided on selling only 500,000 shares. The first shipment will be made in about 90 days and the amount that will be realized therefrom and the stock sold up to that time will be sufficient for all development purposes. The balance of the stock will remain in the treasury insuring larger dividends on small amount of stock issued.

**STOCK STILL OFFERED AT PAR**

One Dollar per share. The rich strike on property No. 1 continues to improve and the vein has grown larger. The vein since the first assay published (\$5,745.00 per ton) has shown higher values during the last few days. Report just received from Superintendent shows that the ore received from property No. 1 promises to assay as well as our rich strike on claim No. 1.

We have a most excellent proposition worthy of your investigation. We do not want you to wire us your money, nor do we want you to send us your subscription until after the most thorough investigation. Space is too costly in an announcement of this sort to give full explanations. We want you to purchase all the stock that you can conscientiously carry but not until you have satisfied yourself what a good proposition we have. The stock is payable in four equal monthly payments and our guarantee given below fully protects you.

**WE GUARANTEE**

To every applicant for shares to buy back their stock at price purchased from us any time within thirty days if the proposition on investigation does not prove to be exactly as represented. Write us to-day for full information, maps, copies of assays, etc. This is an unparalleled opportunity.

 ¶ The made-in-Canada Blouse Suits at \$30 is an evidence of correct expression in a business suit.

**Semi-ready Tailoring****WILL DISCUSS C.P.R. ENTRANCE.**

At Informal Council Meeting Saturday—Routine Business of Last Night's Meeting.

The City Council waded through considerable routine work last night. The Canadian White Company offered to do all the management work in connection with the construction of the city's street railway system for ten per cent. of the estimated cost of installing the system. This was referred to the Commissioners.

A petition for a six foot plank sidewalk on the west side of the street in the Howland estate from Jasper Avenue to the end street, was granted. In connection with this petition it was pointed out that the street was not opened. This matter was referred to the Commissioners.

For Isolation Hospital Completion. The Commissioners recommended the submission of a by-law to the ratepayers to raise \$7,000, the sum required to complete the Isolation Hospital. The report was adopted.

**To Get After C.N.R.**

The Commissioners were authorized to take legal proceedings to sue the C.N.R. to induce the C.N.R. to live up to their agreement in reference to the proper maintenance of street grades and of their tracks on the streets which the railway crosses in the city. The Commissioners asked for this authorization, in a report dealing with the application of Alex McLeod for compensation from the city, for damages to which he claimed his property had been subjected as a result of the crossing of the street on which he resided by the C.N.R. and the consequent crossing of traffic from the street. On the advice of the city solicitor the Commissioners recommended that Mr. McLeod be not entertained. The report was adopted.

**Refuse to Refund.**

The information provided by the Commissioners led the Council to refuse to make the refund of taxes applied for by the Edmonton Fruit and Produce Company. The Mayor stated that the Commissioners would suggest that in future no refunds be made after a certain date. Refund had been made since year which amounted to a considerable sum.

**Are Looking Up a Man**

Ald. Manson asked if any action had been taken with a view to securing a sewer and waterworks superintendent. He was informed that letters had been written to various large cities asking for a recommendation of a man suitable to the position.

**The C.P.R. Entrance.**

Alderman Givings expressed a desire to know where the city and the C.P.R. were at in the negotiations in reference to the railway's entrance. The mayor answered the query. He said that the city had now only one alternative, that of expropriating the twenty foot strip of land required for the right of way to the proposed location of the station at Ninth street and Jasper. The council will discuss the C.P.R. entrance at an informal meeting on Saturday morning. At the same time Alderman Manson will present a suggestion in reference to increasing the number of city commissioners, as well as other matters pertaining to that organization.

Alderman Manson drew the attention of the works department to the muddy street crossings.

**Must Sell Water.**

Ald. Smith wanted some information as to whether it was not inconvenient upon water vendors to call at a house when desired. A sixteenth street ratepayer had complained that a water vendor had refused to supply him with water. The mayor informed Alderman Smith that under a city by-law a water vendor must deliver water wherever it may be called for.

Alderman Picard's question as to whether the Jasper Avenue sewer was defective owing to varying levels, which had been said to have resulted in a frequent blocking of the sewer, was noted.

Accounts amounting to \$19,887.50 were passed. Of these \$6,000.00 were for notes, \$8,500.00 for wages of corporation employees, \$1,887.50 for waterworks department, and \$4,887.50 for the Canada-White Co. contract.

**NEW LAUNDRY FOR EDMONTON.**

The city is shortly to have a new steam laundry, equipped with the most modern plant and appliances. It will be called the Edmonton Steam Laundry.

The owners have secured a site for the building, for which the contract has already been given. The machinery, which is being supplied by George & Co. of Winnipeg, is now on the way to Edmonton. The establishment will fill a very real want in Edmonton just now in supplying a modern and well-equipped laundry.

**Carpenters Tools and Supplies**

We have just received a fine shipment of "Stanley" fine carpenter's tools, "Dutton" hand saws, "Yankee" screw drivers and drills, saws, etc., all sizes and in sets, in fact everything required by a good mechanic. Call and get our prices and see these goods.

## Tenders for License to Cut Timber on Dominion Lands in the Province of Alberta.

SEALED TENDERS addressed to the Commissioner of Dominion Lands, Department of the Interior, and marked on the envelope "Tender for Timber Berth No. 1336," will be received at this Department until 12 o'clock noon on Wednesday, the 12th day of June, 1907, comprising lands situate in the Province of Alberta, and described as follows:

Timber Berth No. 1336, commencing at a point on the Mistee River three miles in direct distance above a point which is one mile below the first crossing of trail above the mouth of said river being the upper boundary of T. B. 1536; thence up stream two miles in direct distance with a depth of one-half mile on each side thereof, measured at right angles to the general bearing of the River

within the berth, containing an area of two square miles, more or less. The berth must be surveyed within one year after the date of the notice awarding the berth.

The regulations under which a license will be issued, also printed forms of tender and envelope, may be obtained at this Department or at the office of the Crown Timber Agent at Edmonton, Alberta.

Each tender must be accompanied by an accepted cheque on a chartered bank in favour of the Deputy of the Minister of the Interior, for the amount of the bonus which the applicant is prepared to pay for a license.

The highest or any tender not necessarily accepted.  
No tender by telegraph will be entertained.

PERLEY G. KEYES,  
Secretary.

Department of the Interior,  
Ottawa, March 14th, 1907.

## DAY TO DAY

## PRACTICAL RECOGNITION OF BRAVERY.

The Montreal Board of Education has made a suitable recognition of the bravery of the late Miss Maxwell, who lost her life in the Hochelaga school fire.

They have decided to continue Miss Maxwell's salary of \$700 to her widowed mother until her death. The Montreal Women Teachers' Association have arranged also to erect a "Sarah Maxwell" cottage in connection with the Children's Memorial hospital.

## ONE HUNDRED YEARS HENCE.

As the curtain descended upon the first act, she arose abruptly and with ill-concealed impatience. "Sorry, dear," she began brusquely, "but I shall have to leave you for a few moments; it's absolutely imperative that I should see a woman out-side." And without waiting for remonstrance, or even meeting the sweet, reproachful gaze upturned to hers, she extracted her hat and cane and departed.

A vague sense of hurt and disappointment crept over the young husband of but a few short weeks. He looked about him. All over the theatre were men lonely as himself, fanning themselves, with forced smiles, waiting patiently till their escorts should return. He remembered his dear father's parting advice, and his soft eyes slowly filled.

And after all, perhaps he alone had been to blame. It was the first evening in a fortnight she had spared him from her club, and he had connected such a dear little supper to please her! But he had been late in dressing, and had sent her back at the last moment for his gloves.

Not until the very close did she reappear. Then as she assisted him to the carriage, a fresh mingling smote him suddenly. "Darling—" he began hesitatingly. "Now, Herbert, don't be a dear little copper to a sense," she interrupted hastily. "I'm due at this moment to speak at that campaign rally, so don't worry—that's a dear, sensible little husband—and don't sit up for me." And with a hurried kiss she slammed the door, and he was alone in the darkness. As the coach rolled onward he sank back despairingly. His lips quivered, and he broke into a passion of sobbing. "I cannot bear it," he moaned, "this indifference, this neglect! I will go home—I will go back to father!"

## ANNOUNCEMENT.

Mrs. George S. Montgomery will not receive until further notice.

## SOCIAL.

Mrs. McPherson has issued invitations for a tea to be given at her new home, "The Highlands" on Sixteenth street, next Friday afternoon.

Mr. and Mrs. John Ross have rented their home again for the summer season and have taken apartments at the King Edward.

Mr. G. R. F. Kirkpatrick and Mr. E. C. Emery have returned from a lengthy tour in Europe. Mr. Emery, who went to obtain a needed rest, has returned much benefited in health.

Commissioner Perry, of the Northwest Mounted Police, and his daughter, Miss Perry, are spending a few days at Ottawa.

Mrs. H. W. B. Douglas, who has

been suffering for several days from an accident is much better now.

Mrs. J. C. McDougall left yesterday for a visit to her former home in Niagara Falls. Mrs. A. R. Duncan and daughter have also left for Niagara Falls.

## BANQUET FOR C. L. HOCKEYISTS

At the meeting of the executive of the City Hockey league last night, it was decided to wind up the season with a banquet, which will be held on Thursday evening, April 11th, tickets for which will cost \$1 each.

The financial statement for the season was read and adopted. It shows a balance of \$2,310 after paying all expenses.

Votes of thanks were tendered President Moore and Secretary Gillespie for their work in connection with the league, and the manager of the Dominion bank was similarly remembered for allowing the executive the use of the office for numerous meetings.

## C. N. R. GETTING IN SHAPE.

The snow blockade on the eastern section of the C. N. R. has not yet been entirely broken, but a train is expected from the east this evening. This afternoon at one o'clock a special was sent out to Vegreville with 70 passengers for local points. It is expected it will meet the train working west from Vermilion, and if a junction is reached this evening, the line will be again open.

Should the train meet this evening a regular will be sent out to-night at 12:05. The snow fight down the line has been a hard one, the snow plus being devalued near Kam-sack, with the result that operations were suspended for some time.

## PRESENTATION TO CHURCH-

## WORKER.

Mrs. Robert Scott, who is leaving the city to reside at the coast, was given a pleasant farewell tea at the residence of Mrs. S. W. Williamson, 545 Fraser avenue, on Tuesday afternoon. Mrs. Scott is an officer in both the Ladies' Aid and the Missionary society of Queen's avenue Presbyterian church, and was presented with a handsome cut-glass fruit dish by the members of the two societies.

Mrs. Williamson made the presentation, while Mrs. Myers, in a neat little speech, expressed the sentiments of regret felt by the society on Mrs. Scott's departure.

A pleasant afternoon was spent in music and conversation. The hostess served daily refreshments, under which all joined in wishing Mrs. Scott a safe journey and success in her new home.

## THE PAINTERS' STRIKE.

There is practically no change in the painters' strike, which has been in progress since the 1st of April. Eight of the employers have accepted the new scale, while the remaining eight, members of the Builders' Exchange, are not in a position to do so. The result is a stand-off which may exist for some time.

## BOARD OF TRADE SECRETARY.

The Board of Trade were in session yesterday afternoon to consider the appointment of the new secretary. The applications, about 150 in all, were gone over, and the applicants sifted down to three in number. Another meeting will be held this afternoon, at which a decision will likely be reached.

Steam laundry in good town, paying 100 per week. Mountfield & Graves.

## ARE WASTING TIME TO EXPEDITE BUSINESS OF HOUSE

The Anomaly of Mr. Borden Talking for 45 Minutes on the Subject of Hurrying Through Business to Allow Premier to go to Colonial Conference.

(From Our Own Correspondent.)

Ottawa, March 31.—The House waited an hour and forty minutes to-day explaining how highly desirable it was to get through with business and permit the Premier and his colleagues to understand the colonial conference.

The conference takes place in London, beginning on April 15th. It has been understood for some time that Canada's representatives would call on the 18th. The leader of the Opposition informed Sir Wilfrid today that he had heard a rumor that this understanding was mistaken and he wanted to know what about it. Sir Wilfrid replied that it had been his intention to sail on that date but that as there was no sign of the House proceeding in time he was considering the question. He said that his passage and waiting till the Opposition might be pleased to conclude their oratory and permit the session to end. This put it up to the Opposition either to permit the Ministers to attend the conference or take the responsibility of preventing them from doing so.

### Tying Up Business.

When Mr. Borden moved the adjournment of the House for the purpose of saying in about forty-five minutes how extremely important it was that Sir Wilfrid should attend the conference, and of trying to conjure up a deep dark suspicion that the Premier was not unduly anxious to do so. His real speech occupied about forty-five seconds at the tail end of his address and consisted in a promise to facilitate business as much as possible, including even an offer to adjourn on Wednesday next until the conference is ended.

The Remedy in Mr. Borden's Hands. Sir Wilfrid assured Mr. Borden both that he recognized the desirability of the Premier of Canada being present at the conference and that it was his sincere desire to be present. He had been debating seriously with himself whether in the event of the House continuing in session his duty lay in Ottawa or in London. He was satisfied however that Mr. Borden's proposal for a protracted adjournment on Wednesday was unnecessary if the gentleman and his followers would stick down to business a little closer.

The Loyalist From Labeled. Mr. Foster occupied a quarter of an hour in a pleasant monologue about nothing in particular and gave way to Mr. Henri Bourassa. The

fiercely gentleman from Labeled wanted it understood that the first duty of the Premier was to stay at home when Parliament was in session. Personally he didn't care a whop whether Sir Wilfrid went to the conference at all or not. He wanted Mr. Foster to understand however that there was one very important piece of business still on the agenda, of which he promised to refer again tomorrow, to wit, certain reflections had been made touching the honor of members of the House and these must be cleared up before the House adjourned if the session lasted till Christmas.

### Know Who to Blame.

Mr. Foster argued that it was desirable that Canada's representatives should be in London on time but if they were not present the upposition had no kick coming.

Dr. Bourassa an Empire-Building. Dr. Sprule followed and just could not resist the temptation to test Mr. Bourassa a time or two about empire-building. This was a species of structural work which could be accomplished only in time and only by evolution. The colonial conference was a kind of consultation of architects at which the Canadian representatives should be present.

### The Colonial to the Rescue.

This aroused the apprehensions of Colonel Samuel Hughes that the empire was in some danger either of immediate demolition or of lingering disintegration and he came to the rescue with a couple of well placed shells. One landed on Mr. Bourassa to the evident enjoyment of that gentleman's colleagues and the other brought a chorus of groans from said colleagues themselves. The first was a proposal that the apparent anomaly, not to say hostility, of Henri toward the conference be overcome by taking him along in the humble but necessary capacity of baggage-master, factotum, valet or run-around. The second was that the proposed Easter holidays be abolished in the interests of the general expedition of business. Nobody consented to the former suggestion and everybody resented the latter with manifestations both audible and unmistakable.

Mr. Borden closed the debate, taking another fall out of Bourassa, assuring the House that he would not shield guilty followers from exposure and reiterating his promise to help along the business which he had been the means of deliberately retarding more than an hour and a half.

**EGG-EDUCATION PLANT.**

The Edmonton Produce Company intend to establish an egg-splicing plant this season in Edmonton. They expect to be able to handle over 50,000 dozen eggs in the hot season, when eggs are plentiful and the market dull. The effect of this venture will be to afford an additional market for the egg product of the province, and tend to maintain a firmness in prices when eggs are most plentiful.

**MARRIED AT CALGARY.**

Chas. R. Frost, of the firm of McKnight & Frost, contractors, Edmonton, is today receiving the congratulations of numerous friends in the city. Mr. Frost was yesterday married to Miss Mildred Down, of Owen Sound, the ceremony being performed at Calgary by Rev. G. W. Kirby. The couple were unattended, and only a few close friends witnessed the event. Mr. and Mrs. Frost arrived in the city today, and are at present stopping at the Castle until their new home on Fifth street is ready for occupancy.

**SOVEREIGN BANK STAFF ENLARGED.**

Associated Press Despatch.  
Montreal, April 3.—Additions to Sovereign Bank will be announced tomorrow but there is absolutely no proof of general manager D. N. Stewart's retirement.

**G.T.R. OFFICIALS LEAVING.**

Great Northern Railway Secures Services of Several Leading Grand Trunk Employees.

Associated Press Despatch.  
Toronto, April 3.—The slower of Canada's railway officials are gradually transferring their services to American roads. F. H. McGuigan, fourth vice-president of the G.T.R. is now with Jim Hill's railway at a salary of \$40,000. G. B. McLeod, division engineer of the G.T.R. and E. Ennis, assistant superintendent of the G.T.R. at Ottawa, go with McGuigan. Wm. Cotter, general manager of Pere Marquette and formerly superintendent at Montreal and Detroit on G.T.R. and C. & S. Thomas, superintendent of southern division at St. Thomas will also go to Grand Northern. Latest recruit from Grand Trunk roads is F. B. Brown, superintendent of terminals at Toronto, who also has been induced to go over to Great Northern.

**LONG PRICE FOR TIMBER LIMIT**

\$1,500,000 Paid for Standing Timber On C.N.R. Line at Banning.  
Associated Press Despatch.  
Port Arthur, April 3.—Mr. Weynhauser, millionaire lumberman of Buffalo, has purchased from the Banning Lumber Co. timber limit owned by them, on Canadian Northern Railway at Banning. The deal was closed for a million and a half dollars and is one of the largest ever got through. The millmain intends to remove one of his Canadian mills to new berth and will be one of the largest in the district. The product will be shipped by rail to Port Arthur and from there to Buffalo by boat.

**B. C. JUDGES' SALARIES FIXED.**

Associated Press Despatch.  
Ottawa, April 3.—The salaries of eleven judges and junior judges in the county courts of British Columbia has been fixed by government at \$3,000.

**GE'S EXCLUSIVE FRANCHISE.**

Associated Press Despatch.  
Regina, April 3.—Springer & Balon Company, Limited, has been granted exclusive franchise for a period of fifteen years. The project received considerable opposition and it was only decided in favor of the company by vote of Mayor Smith.

## 'JIM' HILL, THE MAN, NOT THE RAILROAD KING

With the announcement of "Jim" Hill's resignation of the presidency of the Great Northern Railway interest is again revived in Hill the man, who has just made for his son, while he still retains a controlling voice in the executive of the road. Among the many items of interest in Hill's life being recalled now is the fact that he was born in a little log house near Guelph, Ontario. His father was a preacher, but young Jim did not take kindly to the idea. The elder Hill died when the lad was 15, and the latter had to go out into the world to carve his own destiny. His first clerical in a Guelph store, but he had been a tireless reader and he longed to see something of the world. He traveled abroad through the winter until he went to St. Paul where he has since lived.

**Early Efforts.**  
There he was successively dock hand, station agent, agent for a pack company and owner of a transportation and fuel business. While engaged in the latter he acquired his taste for large transportation affairs. His chance to get into the railroad business came in 1873, when St. Paul and Pacific Road defaulted on its bonds. He succeeded in interesting home and foreign capitalists in the property and bought it. Then began the negotiations, which resulted in the projecting of the Great Northern Road, and the acquisition of Hill to the presidency in 1880, an office he has filled since that time.

For twenty-five years has been the master spirit in control of over 50,000 miles of railways. Besides the Great Northern Steamship Company, his interests include a fleet of the biggest boats plying on the great lakes, between Duluth and Buffalo. On account of the uncertain worth of the ore beds of the Lake Superior district, the product of which has been sold to the United States Steel Corporation, not even Mr. Hill knows the extent of his wealth, but \$100,000,000 probably is a reasonably modest estimate.

Mr. Hill is a clairvoyant who neither reads the stars nor invokes supernatural powers. Rather, it is a well-sounded mind and the active, well-poised, judicial brain that enables him to cast horoscope for the business world. He reads to a purpose. He studies the wants of men and of nations.

**His Personal Relations.**  
In the personal relations of life and in his home the story of Mr. Hill is a story of delightful companionship and great-heartedness. His modest and winning of pretty Mary McManis is an oft-told tale, a sweet tale of love, betrothal and marriage. When Mr. Hill was a railway station agent near St. Paul, he boarded at the Merchants' Hotel. Mary McManis, who served him his meals, fell in love with him and won her promise that some day she would become his wife.

"I want you to go away to school for several years, and when you come walked an hour and forty minutes to bed, if you still love me we will be married," said Mr. Hill.

It was so agreed, and Mr. Hill, from the expense of educating his fiancée. Their affection lived through the years of their separation, and the marriage was solemnized in a Catholic church, of which denomination Mr. Hill is a devout follower. Mrs. Hill precludes today, a gracious, tactful, motherly woman, in the Hill palace on Summit Avenue, St. Paul. She is simple-hearted as a child, does not stoody to society, so-called, nor seek publicity of any kind; yet she has distinction and dignity at the most exclusive sort of function, being the perfect complement of her husband in dispensing hospitality to every social rank.

The happiest hours of Mr. and Mrs. Hill are when their three sons and six daughters gather around the family board and renew memories of the days when they were all together in one domestic circle.

The Hill mansion in St. Paul is one of the show places of the Northwest. From the exterior it is an impressive pile and within it is a home of "magnificent" distances. The main hallway affords a vista 100 feet long. The rest of the house is in proportion.

Mr. Hill is his own agent in the selection and purchase of works of art. He has been pronounced a better eye and judge of paintings than any other layman in the country. He owns much more about art in general than most artists of repute. It is said he cannot be deceived by spurious works of copies.

It is not generally known that Mr. Hill, like the William Van Hornes, today take brush and palette and produce a very fair painting—lights and shades, coloring, perspective and all.

Mr. Hill is generous in his charities, having given many thousands of dollars to the worthy poor. When he abandoned his old St. Paul home for the new mansion, he turned it over, furnished and all, to the Little Sisters of the Poor. He has also been a most generous benefactor to several churches and charitable organizations.

**His Personality.**  
For recreation in his home, Mr. Hill plays solitaire for hours at a sitting. When he is not engaged with the cards, he is reading some substantial book, enjoying his pictures and art treasures or conversing with friends, whom he ordinarily receives and entertains in the most informal way. He is an inveterate member of a family of friends and is fond of chafin under conversation, he observes the fitness of all things on all occasions.

In personal appearance there is rugged grandeur about the man. Every line, from top to toe, suggests the master and commander, the resolute character. The head is massive, the hair sparse and flowing. The eyes reflect gentleness in repose; they flash determination in action. Their brown is deepened in the shadow of shadow, overhanging above. The stocky frame, the stout neck, the strong nose, the large, expressive mouth, and the proud carriage all harmonize with the massive head. An imperious personality. He speaks with impressive deliberation, but his mental processes are as quick as flashes of lightning.

The Young Men's Christian Association will hold its first annual meeting in all its Sains' school room on Thursday, April 11, at 8 o'clock. The reports on the work of the past year will be received and a president and board of directors elected.

Paul Ross, formerly sub-land agent and postmaster at Pembina, River, was in the city yesterday. He has resigned of the property there for the handsome price of \$25,000, and will take his home in future. He will build a residence here, and is moving into the dry business.

Tuesday evening, a large audience gathered at Grace Methodist church, the occasion being an illustrated lecture by Mr. Ernest Brown on "Scenes of the Homestead and our adopted Country." Mr. Brown has quite established his reputation as a lecturer, and his excellent selection of slides were enthusiastically received. Mr. Howard Blackburn gave a charming rendering of "Kale Britannia," the chorus being heartily taken up by everyone present. The proceeds were given toward the summer camp fund of the Boys' Brigade.

**WESTERN HAPPENINGS.**  
Medicine Hat council will at its next meeting add a sanitary inspector and a city scavenger to the list of civic employees.

Medicine Hat has \$17,000 of uncollectable gas bills.

The Macleod town council has offered a free site and exemption of taxes to the Midnapore woolen mills.

Medicine Hat schools are overcrowded. The attendance in the different rooms runs from 35 to 72 pupils.

It is stated that Edinburgh will shortly have a creamery. J. McCann, a new arrival, has purchased farm property there and intends maintaining a large dairy herd as well as running the creamery.

A lending library has been opened at Medicine Hat.

Glitchen's tax rate for 1907 is four mills on the dollar.

The toll tax at Glitchen's will be 12 this year. The total assessment of the village is \$150,000.

A Masonic lodge is to be formed in Glitchen shortly, and already a hall has been arranged for in the new Telford block.

Seven members were added to the Lathbridge Anglican church at a confirmation service on Monday.

Potatoes took a drop of 54 on the Haymarket on Tuesday.

James Kirkham has been appointed deputy registrar of births, marriages and deaths at Haymarket.

Another Chinese restaurant opened for business at Lathbridge on Tuesday. There are three of them in that city now.

Another story is to be built on the Alberta hotel, Calgary, this spring. The dining room will be on the new floor.

Walter Scott, whose ranch is about twelve miles east of Carstairs, shipped a few days ago one hundred and thirty-four head of cattle to F. Burns & Co., of Calgary, the average weight of which was fourteen hundred pounds.

During March 27 homestead entries were made at the Calgary office, representing 15,500 acres.

The customs receipts at Calgary for March were \$2,000. For the same month in 1906 the figures were \$28,500.

Calgary now has telephone connection with Head of the river.

Plans in Calgary's motor houses will be fifteen dollars for one dollar. There are six machines and they cost \$1500 each.

A large number of engineering parties are being sent out on the C.P.R. irrigation surveys this week.

Frank board of trade is asking the Dominion government to make that place a custom port of entry.

H. Wilson, yesterday refused \$50,000 for the King Edward hotel property at Saskatoon.

The attendance at the Saskatoon stock show last month was 428.

Twelve candidates wrote on the examinations at Macleod this week for verification to practice as veterinary surgeons in Alberta.

Albernethy, Sask., slaver was burned on Wednesday and 20,000 bus. of grain destroyed.

Okotoks will spend \$1,000 on new sidewalks this year.

Okotoks board of trade has been reorganized with a membership of 15.

Regina skating rink are still open, and attracting good crowds.

Weyburn, Sask., is to build a new \$250,000 school this year.

Weyburn Methodist and Presbyterian congregations have completed new churches this year. Each cost close to \$200,000.

A new school will be built in the central district, a suburb of Regina, this year. It will cost \$250,000.

Moore Jay Y. M. C. A. will be closed until the new building is completed.

**AUCTIONEER**

## AROUND THE CITY

The Young Liberals club took part in the cancelled this week.

Mr. F. Wallace returned home on Saturday evening at 8 o'clock.

The last masquerade assembly of the season will be held tonight at Remie's Academy. Dancing at 8.30.

The St. Andrew's society will hold a meeting in the council chamber, on Saturday evening at 8 o'clock.

Alexander Andrews and family, of Carp, Ont., have left this town to take up their residence in Edmonton.

Mrs. H. Bruce Wells, third street, will not receive on Thursday of this week.

A. M. Mitchell, of the Department of Agriculture, is in Calgary, attending the Fat Stock show.

Robert Anderson, of the City Fire Department, has left for Nelson, B.C., to visit his mother, who is quite ill.

J. Charbonneau, an elderly resident of the city, was taken yesterday to the general hospital.

A meeting called for Monday night at 8.15 at the Alberta to organize an intermediate baseball team. All interested are requested to attend.

Mr. Fred Bohne, a farmer of Spring Lake, was brought in to the general hospital yesterday, ill with typhoid fever.

A. T. Cushing will address the Young Men's club of McDougall church tonight. His subject is: "Some Aspects of Commercial Life."

Thomas Davis, of the city coal mine, is suffering from appendicitis, and yesterday removed to the general hospital.

Henri de Chateaufort, a young man from Saskatchewan, was brought in to the general hospital yesterday suffering from an injury to one hand.

There will be no meeting of the rector's Bible class at All Saints' church this week. Choir practice is also cancelled.

Mr. Hadden, of Alberta college, will have charge of the services at the Methodist church, Lamsont, during the month of April.

John Forester, of Red Deer, arrived in the city Monday with two carloads of heavy horses, which he will dispose of before returning.

Active steps are being taken to extend Jasper avenue west of its present terminus by bridging the ravine at the Great Estate.

Forty-three cases of typhoid were reported at the health department last month, only three of which originated in the city.

Holly G. Shepard, who organized and superintended the baseball minstrels here last month, is now at Superior, Wis., where he puts on a show for the Elks on April 20 and 21.

Matt Nelson, champion of Dakota, and Marney Mullin, the Northwest champion, will meet at the Thistle rink on April 10th, in a fifteen round bout.

Mr. P. Mahoney, of the North-West Electric Company, who has been quite ill of pneumonia at the St. Andrew's hospital, is making an excellent recovery.

B. Austin and M. Woolf of Cardston, arrived in the city yesterday with a carload of driving horses which they will dispose of in Edmonton before returning.

There will be a wrestling tournament at the opera house on Friday night. Chas. Mott, the American mat artist, has signed articles to throw Lett, Sherry and McCoy, local mat artists, once each in an hour.

## PERSONAL.

Sheriff Vanwert, of Calgary, is paying Edmonton a visit today.

A. R. MacLachlan, of Macleod, is at the Alberta today.

W. Shipley, of Brandon, Man., is in the city today at the Pendennis.

Thos. W. Walker, of Wabamun, is at the Pendennis.

E. G. Ramsdell, of Canmore, is at the Queen's today.

J. B. Arnold, of Battledore, registered at the Queen's yesterday.

A. A. Walker, of Fort Saskatchewan, spent Wednesday in the city.

W. H. Lowe, of Billerica, Man., is at the King Edward.

H. Somers, of Moosemin, is an Edmonton visitor today.

J. Nevilles, of Red Deer, is at the St. James.

John T. Moore, M.P.P., of Red Deer, is in the city for a couple of days.

## STRATHCONA

## BOULEVARDING THE STREETS.

A scheme for the boulevarding of the streets and avenues of the city of Strathcona has been evolved by the city engineer, and will be put in operation shortly on Hardisty avenue, the first part of the city where the residents have asked for this improvement.

City Engineer McLean suggests that the driving portion of the avenue be thirty feet from curb to curb with a six foot sidewalk, while inside, on either side, will be a twelve foot grass space. The question of placing the walk inside or outside of the grass is not yet definitely decided, but it is probable that the latter plan will be selected.

## TO HAVE A STAND PIPE.

The request of J. Wainwright for a stand pipe at the corner of Boulevard and Main, has been granted. The conditions are that Mr. Wainwright shall supply water at the rate of 20 cents per barrel or six barrels, for 11 or the rate of 10 cents per 100 cubic feet.

## SIDEWALK TO THE BRIDGE.

The necessity of a sidewalk to the Saskatchewan bridge is being urged on the Strathcona council by the Mayor. He suggests that it be constructed from the corner of Whyte avenue and Cameron, or from the corner of Lundman and Cameron. A scheme for widening and straightening the Edmonton road is also under consideration.

## TO HAVE A BUILDING INSPECTOR

Strathcona is shortly to have a building inspector to enforce the by-law which has just been passed by the council. The by-law has the following provisions:

- (1) To appoint an inspector;
- (2) No new erection or extension to cost over \$100 shall be started until a written permit is obtained.
- (3) No one shall obtain a permit until a correct ground plan or block plan is deposited with the building inspector;
- (4) The inspector shall have authority to enter premises at reasonable hours, where he suspects a breach of the law;
- (5) No log building shall be erected within the city limits;
- (6) The fine to be imposed for breach of the law is \$50 and costs.

## MORE WATER FOR STRATHCONA.

While boring near the Vogel Packing Co. yards yesterday, at a depth of about 75 feet, Mr. Vogel struck a spring of clear soft water, which has since been flowing continuously. The city authorities are contemplating making use of the supply, in view of the difficulty at the power house.

## ROYAL HOTEL SOLD.

The Royal Hotel, owned recently by J. J. McLean, has been sold to Capt. Carstairs and H. J. McLean of Quebec, Ontario. The price is in the vicinity of \$20,000. An addition will be built and the name changed to the Iroquois, the name of the native town of the new owners. Messrs. A. M. Fuller & Co. put through the deal.

## ANGLICAN CHURCH AFFAIRS.

At the annual vestry meeting last night, H. F. Sandeman was elected rector's warden for the year, and W. Wilson, people's warden. G. W. Marriott reported that \$6,000 had been subscribed for the new church, and his expectations were such as would justify the building of a \$10,000 structure immediately. The salary of the rector has also been increased by \$100.

The following gentlemen were appointed as lay delegates to the synod: H. F. Sandeman, W. F. Bernier-Brown, M. Burgess. The members of the vestry will be as follows: F. C. Johnston, R. H. Palmer, W. F. Bernier-Brown, W. H. Martin, G. W. Marriott, W. M. Hill, E. T. Baines, J. H. Tranter, E. J. Flavin, J. Diehl, A. Macleod, and H. W. Johnston. The auditors appointed were S. B. Bowdoin-Smart and W. M. Hill.

NEW LODGE OF OLD FELLOWS. A new lodge of Old Fellows that will add materially to the strength of the order in Edmonton will be organized this afternoon in the Odd Fellows hall by A. E. May, Grand Master for Alberta. He will be assisted by John I. Mills, H. L. McNie, A. Brown, Charles May and others of Past Grand.

The new lodge will start under most favorable auspices, with a membership of between sixty and seventy. It will meet in Odd Fellows' Hall in the Morwood block.

## A. G. HARRISON, THE NEW SECRETARY.

At the meeting of the council of the Board of Trade yesterday afternoon, from one hundred and fifty applicants Arthur E. Harrison, Dominion Lands agent, was appointed as successor to F. T. Fisher.

Mr. Harrison was born in Fredericton, N.B., and is a graduate of the University of New Brunswick. He was employed in the maintenance of ways department, of the Pennsylvania railway, Clifton, from his graduation in 1901 till 1904, when he came to Edmonton. Here for three years he was with the law firm of E. S. and A. C. Taylor.

In later years he was with the Edmonton District Railway Co. and the Edmonton and Lesser Slave Lake Co. and in 1905 was census commissioner and secretary of the industrial association.

In 1901 he accepted the position of household inspector, and later became agent of Dominion lands, which position he now occupies. He will assume his new duties on April 15th. The salary of the Board of Trade secretary is \$2,000 per annum.

The annual vestry meeting of St. Paul's church will be held at 8 o'clock Monday evening at the church when the warden will present the financial statement for the year closing Easter.

## DANCE IN AID OF PUBLIC HOSPITAL.

The Women's Hospital Aid have decided to give an informal dance in Remie's Academy on Tuesday, April 9, in aid of the public hospital, whose growing needs have made some effort necessary in addition to the annual ball.

A delightful evening has been planned by the ladies of the committee for those who attend the dance. The committee of reception include Mrs. Egan, Mrs. Braithwaite, Mrs. Ferris, Mrs. Saunders, Mrs. Nichols and Mrs. Dunlop.

## EXPERIENCED HOUSEKEEPER.

Wants position. Apply Box 1, Bulletin.

## CAPABLE COOK—Desires situation.

Apply Box 1, Bulletin.

## SALESLADY WANTED—Experienced.

dry goods specialty, capable of selling mantles, and skirts, in a live town on C. & E. railway; state salary. Address Box 64, Bulletin.

## LOST—On Kinistino avenue, between McCauley street and railroad track, and west to McDougall to Ottavien.

Baselmann, sum of money \$800. Reward on return to Bulletin office.

## FOR SALE—Four roomed house and lot on Fiord street. Apply KXZ, Box 288.

## Tenders for License to Cut Timber on Dominion Lands in the Province of Alberta.

Sealed tenders addressed to the Commissioner of Dominion Lands, Department of the Interior, and marked on the envelope "Tender for Timber North No. 1288," will be received at this Department until 10 o'clock noon on Wednesday, the 13th day of June, 1907, for a license to cut timber on North No. 1288, comprising lands situated in the Province of Alberta, and described as follows:

Timber North No. 1288, situated in the Province of Alberta on the McLeod River, and described as follows: Commencing at a point on the said McLeod River at the upper boundary of Timber North 1094, thence up stream three (3) miles in direct distance with a depth of one half mile on each side thereof, containing an area of three square miles, more or less.

The berth must be surveyed within one year after the date of the notice awarding the berth.

The regulations under which a license will be issued, also printed forms of tender and envelope, may be obtained at this Department or at the office of the Crown Timber Agent at Edmonton, Alberta.

Each tender must be accompanied by an accepted cheque on a chartered bank in favor of the Deputy of the Minister of the Interior, for the

amount of the bonus which the applicant is prepared to pay for a license. The highest or any tender not necessarily accepted. No tender by telegraph will be entertained.

PERLEY G. KEYES, Secretary. Department of the Interior, Ottawa, March 12th, 1907.

## MAIL CONTRACT.

Sealed tenders, addressed to the Postmaster-General, with no receipt at Ottawa until noon, on Friday, the 15th of April, 1907, for the conveyance of His Majesty's Mails, on a proper route, each way, between Belvedere and proposed "Paddy River" via proposed "Lawton," each way; Belvedere and proposed "Paddy River" via proposed "Manola," each way; Belvedere and proposed "Lawton," and Belvedere and proposed "Manola" to commence at the pleasure of the Postmaster-General.

Printed notices containing further information as to conditions of proposed Contract may be seen, and blank forms of tender may be obtained at the Post Office of Belvedere and also at proposed offices, and at the office of the Post Office Inspector.

A. W. CAIRNE, Post Office Inspector. Post Office Inspector's Office, Calgary, March 13th, 1907.

# Harnessing Nature's Resources

## IS THE FOUNDATION OF THE

### World's Largest Fortunes

#### It Makes the Poor Man of Today the Millionaire of Tomorrow

Gold, Coal, Iron are but a small part of the riches nature has given us. Nature has been generous, greater treasures than have yet been produced are being discovered daily. Every new discovery of a staple commercial product, when taken advantage of and developed, is the foundation of a great fortune.

The Oil found near Edmonton, Alberta, has an asphalt base, and is of heavy specific gravity. It is strictly a fuel oil and needs no expensive refining, as it is ready for the market as it comes from the ground. The Atholton, Topeka and Santa Fe and the Southern Pacific Railroad systems use it exclusively as fuel in their engines; hundreds of steamships and factories use it, and thousands of families use it for heating their homes: 8 1/2 barrels are equal to one ton of coal.

The railroads operating lines in and out of Edmonton haul coal for hundreds of miles at great expense. Oil would reduce their running expenses thousands of dollars per month.

## ASPHALT FOR STREET PAVING.

The oil sand which is found 18 feet below the surface at Egg Lake can be treated the same as the oil sands of California, and asphaltum made from it.

We have an advantage over the California Asphalt Companies in that we have the gas which can be used as fuel in treating this oil sand, and can be laid down in Edmonton for 75 per cent less than the Californian product.

## THE GAS WE HAVE.

Can be used for lighting purposes, and will be very valuable when it comes to smelting the Zinc Ores that can be obtained in large quantities in the mountains west of Edmonton, also in the manufacturing of Cement and Glass.

## PORTLAND CEMENT.

Portland Cement was first made in England in 1824, and in the United States at Cuyler, Pa., in 1878; since then works have been established in fourteen other States.

The growth of this industry is perhaps the most marvelous thing in the industrial development of that country. This Northern Alberta of ours abounds in all the necessary clays and mud deposits for the manufacture of a high grade cement, and with the advent of oil there is no reason why this district should not become the greatest cement producing country in the western hemisphere.

For burning cement manufactured from these substances the method to be adopted would be that known as the wet process, and a very hard coal is necessary (in the absence of gas or oil) which has to be finely ground in order that it will explode easily, this necessitates expensive grinding machinery and consumes much time and labor.

We have the gas already, and all the foremost geological experts in the employ of the Dominion Government bear out our claims, that as far as geology can tell us we can get the oil.

Oil or gas would lessen the cost of production of this valuable commodity, and further, when gas or oil is used as in all modern rotary kilns, the product is found to be of superior quality.

Chemical analysis of Cuyler shows that the impurities introduced by the ash of the fuel, where coal dust is used, the tensile strength of this Cement is very much a matter of speculation, whereas, by the use of oil or gas for fuel, the strength of the product may be guaranteed by mixing the materials in their correct proportions.

## THIS IS A STOCK WITH A FUTURE

We have invested our own money in it. The money that is coming in is being used to further our work, and for this purpose only. We have purchased the largest drilling outfit of machinery ever shipped into Canada.

We are selling fully paid and noncumulative treasury stock at \$10. per share, par value \$1.00.

We can prove every statement we have made and are anxious to do so.

## INVESTIGATION COSTS NOTHING.
